HALYARD

CONFIDENCE NOW COMES IN POUCHES

NEW HALYARD* Sterilization Pouches

Confidence in performance from the trusted brand in sterilisation wrap

Introducing the **NEW** range of
HALYARD* Sterilization Pouches

CONFIDENCE IN PERFORMANCE

Medical packaging serves as a sterile barrier system for instruments/equipment from sterilisation through to final use.

With the vast array of equipment you manage, in all their shapes and sizes, the last thing you need is a poor performing sterile barrier system that punctures and fails prior to presentation in theatres.

From the brand you know and trust in sterilisation wrap, Halyard now offers that same confidence in performance through our extensive range of reliable, high quality HALYARD* Sterilization Pouches to meet your sterility needs.

With superior tear strength, puncture resistance, seal strength and an exceptional clean peel, the new HALYARD* Sterilization Pouches provides confidence in performance you can see and feel.

Quick check of seal integrity and performance with colour changing film[1,2]

Clear-cut contrasting process indicators where colour changes for:

STEAM	GREEN	PURPLE
EO	YELLOW	BROWN
H_2O_2	PINK	BLUE

Puncture and abrasion resistance with the specially formulated HALYARD* multilayer transparent film[1]

Excellent strength under pressure with triple rail heat seals[1]

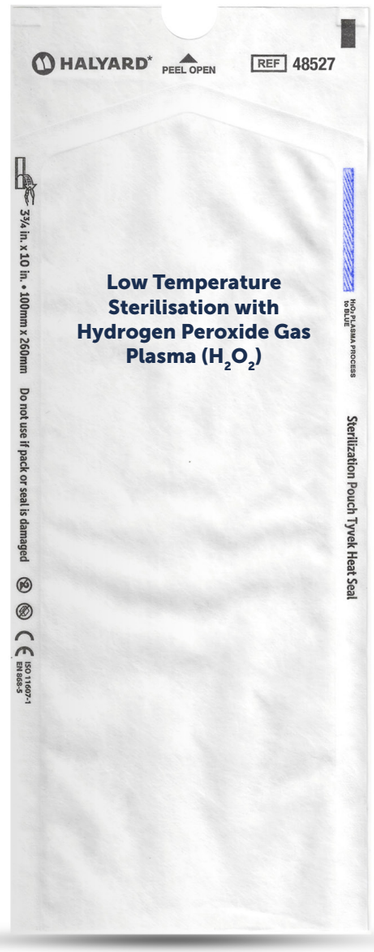
Exceptional clean and fibre-free peel from a specially designed seal between the multi-layer laminate and premium grade paper or Tyvek ® backing[1,3]

Compliance to international norms and standards as well as AS/NZS 4187[4]

Easy aseptic presentation and opening with a top thumb notch[1]

Reduce collection of dust and **reduce the risk of contamination** upon opening with heat-sealed corners[1]

Reduced risk of ink contamination with all chemical indicators and printing external to the packing area[1]



Outstanding sterilant penetration and maintenance of bacterial barrier properties with premium 68gsm medical grade paper for steam & EO or Tyvek® 1073B material for H_2O_2 gas plasma[1,3,5]

Extensive range of sizes; heat and self-seal; flat pack and rolls; and gusseted packages.

From the brand you know and trust in sterilisation wrap HALYARD

Switch to HALYARD* Sterilization Pouches for confidence in performance from a brand you know and trust.
